The Sierra-Plumas Joint Unified School District will hold a public hearing regarding the District's intent to apply for state school facility funding under the State Allocation Board administered School Facility Program (SFP).

The purpose of this hearing is to provide transparency and public disclosure concerning:

- The District's intent to seek state funding for school construction and modernization projects.
- The types of projects that may be submitted for state funding.
- The potential use of local funding sources, including general obligation bonds and developer fees, in conjunction with state funds.
- The District's commitment to report the receipt and expenditure of any state funds received under the SFP.

Any interested party may appear before the Sierra-Plumas Joint Unified School District Board of Trustees to provide input during the hearing.

Questions and/or comments should be directed to:
